SALES NOTES

Freddie Hart will always be remembered in country music circles for his #1 smash hit *Easy Loving* from 1971. What most people never realized was that Freddie Hart had been making great country music records for almost twenty years before his big hit! With a plaintive voice and great songwriting abilities (he wrote *Loose Talk* for Carl Smith, as well as many other tunes for Buck Owens, Wayne Raney and others), Freddie was always top notch country talent. Freddie was from Alabama, and after being under the wing of both Hank Williams and Lefty Frizzell, found himself out in California as a regular performer on the successful 'Town Hall Party' television show. He recorded in the 1950s for both Capitol and Columbia Records, making great hillbilly, country boogie, rockabilly and honky tonk records that were unjustly obscure. Now Bear Family has compiled a solid 'best of the early years' that spans from his 1954 debut to his first breakthrough hit *The Wall* from 1959. A must have release for West Coast Country and Rockabilly collectors! Liner notes by Deke Dickerson.
